Dear Parents/carers,

What a busy week! As you know we had the OFSTED inspectors in. The outcome of the inspection is confidential until the report is published in around 3 weeks. I can tell you that your children's behaviour was exemplary and that the teachers delivered their usual very high standard of teaching and learning. I look

forward to sharing the report with you when it is published.

THE DIGITAL DILEMMA: Keeping Children Safe Online

With Safer Internet Day looming, and this year's theme focusing on protecting yourself from online scams, Police Cyber Protect teams from the South East are running their free webinar for parents/carers several times in the coming weeks!

The webinar covers social media, mobile phones, gaming and emails, and aims to help parents and carers understanding some of the risks young people face online, including how to spot phishing emails, texts and more. Attendees will be provided with advice and resources to help them better protect themselves and their family from falling victim to cybercriminal behaviours

Tickets to the webinars are available here:

Parking

Due to the road works this week I feel that this has probably resulted in adding to your journey times. This has probably contributed to so many of you parking in the village rather than at the Church car park. I have had a message from a parent saying that her child was almost hit by a car reversing outside her house. Please do park in the Church car park and walk the short distance to school – it helps keep your children safe.

The School Shield
