### Dear parents/carers,

This has been yet another fantastic week of enrichment opportunities for your children. Little Gems keep on impressing Mr Cleal with their very proficient cycling skills; Opal class visited the Sea Life Centre and Jade and Moonstone class both went to the Quad kids athletics competition at Tilsley Park.

As you may have heard Opal class were stuck in traffic which increased the journey time to the Sea Life centre to 4 hours. All the adults were so impressed with how all the children stayed calm and in good spirits as we sat in the traffic jam. When we finally got to the aquarium the children had an absolutely fantastic time and loved having sharks and turtles swim right over their heads.

Jade and Moonstone class performed really well at the Quad kids event. They took part in sprinting, throwing, standing long jump and long distance running. They demonstrated that they live the school values of perseverance, compassion and courage. They cheered each other on, they didn't give up and one child even stopped running their race to help a child from another school who had fallen over. We are all very proud of them.

### St Peter's Day Service

All are welcome to attend the special St Peter's Day church service on Friday 27<sup>th</sup> June. Tea and coffee will be provided, we hope to see you there.

Best wishes,  
Charlie Pitt

## Information from Thames Valley Police and Crime Commissioner

Child exploitation and online harm video resources  
Education plays a critical role in early intervention and crime prevention, and as the Police and Crime Commissioner for the Thames Valley, I am committed to supporting schools in crime prevention awareness and building long-term trust between young people, their communities, and policing.

You will be aware of the prevalence of crimes affecting young people across the country including child exploitation and online harm and it is the VPP's mission to prevent these events from occurring by educating parents, carers and those working with young people. The videos below have been prepared using subject matter experts and the lived experience of victims. They have been funded through the Violence Prevention Partnership and complement awareness training the VPP offer for professionals and those working with young people. Whilst the videos are relevant to anyone working with young people, they have been designed to be Thames Valley generic and primarily aimed at parents and carers of school aged children.

Child exploitation: <https://www.youtube.com/watch?v=cS4-Fpm6OFM>

Online Harm: <https://www.youtube.com/watch?v=CqWMgMX3ty8>

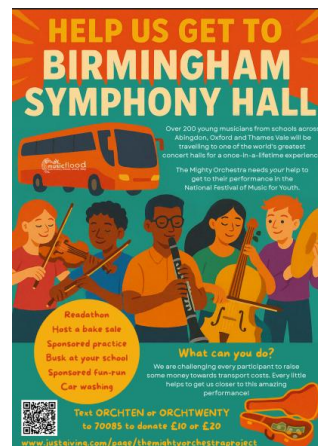

I hope you will agree that the videos are an excellent platform to raise awareness in the community and can offer guidance to parents and carers who may have concerns about their children or young people in their care. In addition, I would like to take the opportunity to remind you of the free Stay True to You resources developed by the VPP last year. Stay True to You is an evidence led approach, available for any parents and adults working with young people, supporting positive conversations and helping young people make their own, good choices. If you have any queries about the videos or other resources, or would like further information on the training offered by the Violence Prevention Partnership, please email [Christopher.ward@thamesvalley.police.uk](mailto:Christopher.ward@thamesvalley.police.uk).

Yours sincerely,  
Matthew Barber Police & Crime Commissioner for Thames Valley
